

## **West & Central Parent Support Group 2021 – 2022**

**In partnership with families and community, we foster a life of belonging for children and youth with developmental disabilities, building meaningful relationships and valued roles. We share and promote the value of inclusion and belonging. Our group is designed for parents and guardians whose children have been diagnosed with a developmental disability who uphold the beliefs of inclusion. The purpose of meeting is to provide a welcoming presence, bring parents together, share resources, network, and offer a supportive, listening space.**
